

Civeo to Acquire Noralta Lodge, a Premier Accommodations Provider in the Canadian Oil Sands Region

Solidifies Civeo's position as the partner of choice for workforce accommodations across the Canadian oil sands region

- Transaction strengthens Civeo's workforce accommodations offering with multiple complementary locations and a large percentage of premium private rooms
- Acquisition would be accretive to operating cash flow, increase Civeo's standalone operating cash flow by approximately 75% during the twelve month period ended September 30, 2017 and reduce Civeo's 3Q17 leverage ratio from 4.4x standalone to 3.2x on a pro forma combined basis
- Noralta provides greater revenue visibility through contracts in place with two major investment grade oil sands producers with estimated, aggregate annual revenues of at least C\$130 million during their terms
- Noralta generated C\$155 million, C\$32 million and C\$71 million of revenue, net income and EBITDA, respectively, during the twelve month period ended August 31, 2017
- Expected annual synergies of C\$10 million by 2019, primarily related to operational and corporate efficiencies
- Civeo management team will be hosting an investor conference call this morning at 8:30am EST; to access the conference call and the accompanying presentation, please see details below

HOUSTON and EDMONTON, Alberta, November 27, 2017 – Civeo Corporation ("Civeo" or the "Company") (NYSE: CVEO), one of the largest global providers of workforce accommodations, logistics and facility management services to the natural resource industry, and Noralta Lodge Ltd. ("Noralta"), a premier, Alberta-based provider of remote accommodations to the Canadian oil sands region, today announced the companies have entered into a definitive agreement for Civeo to acquire Noralta for a total consideration of approximately C\$367 million (or US\$289 million) on a cash-free, debt-free basis, subject to adjustments.

Bradley J. Dodson, Civeo's President and Chief Executive Officer, stated, "Acquiring Noralta advances our strategy of expanding our core markets and the services we provide to customers who own their own rooms. This deal brings together two leading companies with unique strengths in the Canadian oil sands. It will enhance our catering and facilities management capabilities and will give us greater opportunities to optimize occupancy for our customers across more locations with wider accommodation options. This transaction combines the two companies' operational strengths, facilities and commitment to exceptional service, and strengthens our position as partner of choice for our customers. Importantly, it bolsters our dedication to sustainable economic development supporting the social and cultural identities of the First Nations in that region."

Lance Torgerson, Noralta's Founder and Chairman, said, "I'm excited about what this means for the combined company's ability to provide a quality home away from home for our guests. When we founded Noralta in 1997, we did so seeking to be the first choice for quality accommodations across the region. Today's announcement marks a significant milestone in achieving that goal by joining forces with an industry leader that shares our commitment to providing our guests with comfortable, healthy and safe living options over the full duration of their stays. The combined company will also be able to implement Civeo's customer-facing technology into Noralta facilities. Underscoring this confidence in the strategy and direction of the combined business, Noralta's shareholders will receive a meaningful amount of equity in Civeo."

Corey Smith, Noralta's President and Chief Executive Officer, noted, "This deal uniquely positions the combined company to deliver customer-facing, full-service lodging solutions through a network of leading First Nation and community partnerships. Sharing a commitment to the oil sands region, Noralta and Civeo bring complementary expertise together, creating an enhanced service offering that will effectively meet the evolving needs of our customer base."

Strategic Rationale

- **Strengthens Workforce Solutions Portfolio:** Together, the combined company will better support the success of its customers over the life of their projects, as it provides innovative home-to-home workforce accommodation solutions across the Canadian oil sands region.
- **Accelerates Strategic Priorities:** The acquisition of Noralta furthers Civeo's strategic objectives of servicing operator-owned accommodation facilities and enhancing the quality and scope of our service offerings, including investing in customer-facing technologies, and focusing on disciplined growth opportunities.
- **Generates Significant Operating Cash Flow and Strengthens the Pro Forma Balance Sheet:** In addition to stronger revenue visibility, the combined company would have generated approximately 75% more operating cash flow than Civeo on a standalone basis during the twelve month period ended September 30, 2017 and would reduce Civeo's pro forma leverage, strengthening the Company's balance sheet.
- **Solidifies Operations-Focused Revenue:** Noralta's two largest contracts support operations-focused workforces that service large developed oil sands resources which will have ongoing room needs even beyond the contract terms already in place.
- **Enhances First Nations Relationships:** Noralta's well established First Nations relationships further enhance Civeo's profile as a leader in partnering with First Nations throughout Western Canada for the mutual benefit of those groups and the combined company.

Transaction Details

- Under the terms of the agreement, Civeo would acquire 100% of Noralta's equity for approximately C\$367 million (or US\$289 million), on a cash-free, debt-free basis, subject to adjustment in accordance with the terms of the definitive agreement, comprising approximately:
 - C\$210 million (or US\$165 million) in cash;
 - 32.8 million Civeo common shares (or US\$69 million, valued at \$2.10 per share) issued to Noralta's equity holders; and
 - Non-voting convertible preferred equity issued to Noralta's equity holders with a 2.0% dividend rate initially convertible into 29.3 million Civeo common shares.
- The total transaction value noted above of C\$367 million (or US\$289 million) is based on an estimated fair market value of the consideration given to Noralta's equity holders.
- Civeo expects to fund the cash portion of the purchase price with cash on hand and borrowings under its existing revolving credit facility.
- Noralta's equity holders would have the right to convert the preferred equity after two years from the closing of the transaction at a conversion price of US\$3.30 per share, a 64% premium to Civeo's closing price on November 24, 2017. Civeo may cause the conversion of the preferred equity at any time, provided that the volume weighted average price per common share is at least US\$3.30. The preferred equity is subject to mandatory conversion into Civeo common shares at the end of the fifth year. Civeo may also elect to redeem any or all of the preferred equity at any time for cash

in an amount equal to the liquidation value plus any accrued dividends, initially C\$123 million (or US\$97 million).

- The issuance of equity in the transaction is subject to Civeo shareholder approval. The transaction is subject to customary closing conditions, including the receipt of all required regulatory approvals pursuant to the Competition Act (Canada) and Investment Canada Act. The transaction is anticipated to close in the second quarter of 2018.
- The registration rights, lock-up and standstill agreement between Noralta's equity holders and Civeo will restrict Noralta's equity holders from selling any Civeo common shares for a period of 18 months from the closing date of the transaction. Further, the agreement requires Civeo to use commercially reasonable efforts to file a shelf registration statement with the SEC, under which Noralta's equity holders will be allowed to sell Civeo common shares following the 18-month lock-up period, limited on a quarterly basis to no more than 10% of the fully diluted (both common and as-converted preferred shares) Civeo common shares issued to Noralta's equity holders in the transaction. Noralta's equity holders also will be subject to customary standstill restrictions and a voting restriction limiting voting rights of common shares held in excess of 15% of the outstanding Civeo common shares.
- Upon closing of the transaction, Noralta's equity holders would be granted the right to nominate one mutually agreed upon director to Civeo's board of directors, expanding the board to eight members.

EBITDA RECONCILIATION
(in millions of Canadian dollars)
(unaudited)

(Prepared under Canadian Accounting Standards for Private Enterprises (ASPE))

		TWELVE MONTHS ENDED AUGUST 31, 2017
EBITDA (1)	\$	71

(1) The term EBITDA is defined as net income plus interest, taxes, depreciation and amortization. EBITDA is not a measure of financial performance under generally accepted accounting principles and should not be considered in isolation from or as a substitute for net income or cash flow measures prepared in accordance with generally accepted accounting principles or as a measure of profitability or liquidity. Additionally, EBITDA may not be comparable to other similarly titled measures of other companies or as calculated based on measures prepared in accordance with U.S. generally accepted accounting principles. EBITDA has been included as a supplemental disclosure because management believes that EBITDA provides useful information regarding the combined company's ability to service debt and to fund capital expenditures and provides investors a helpful measure for comparing Noralta's operating performance with the performance of other companies that have different financing and capital structures or tax rates.

The following table sets forth a reconciliation of EBITDA to net income, which is the most directly comparable measure of financial performance calculated under ASPE (in millions) (unaudited):

		TWELVE MONTHS ENDED AUGUST 31, 2017
Net income	\$	32
Income tax expense		13
Depreciation and amortization		19
Gain on extinguishment of debt		(7)
Interest expense		14
EBITDA	\$	71
