Complaints relating to Accounting Matters will be reviewed under Audit Committee direction and oversight by the internal audit department or such other persons as the Audit Committee determines to be appropriate. Any employee who reports a complaint should not be concerned about experiencing any adverse consequences for having done so. Employees will not be penalized or retaliated against in any way with regard to their employment, nor harassed or threatened for reporting such concerns. As part of its compliance program, the Company must rely on its employees to bring to its attention any conduct that might violate legal requirements or internal policies. Consequently, the Company cannot, and will not, tolerate retaliation against an employee who has reported a compliance concern. In addition to this policy prohibiting such retaliation, the Sarbanes-Oxley Act of 2002 and other laws protect employees who report violations of certain laws (such as rules and regulations of the Securities and Exchange Commission or anti-fraud statutes) from retaliation with respect to their employment.

Reporting and Retention of Complaints and Investigations

The Chief Executive Officer or Chief Financial Officer will maintain a log of all complaints, tracking their receipt, investigation and resolution and shall prepare a periodic summary report thereof for the Audit Committee. Additionally, the Chief Financial Officer and the Chairman of the Audit Committee will receive a copy of each complaint received.
